# Inland Marine Insurance

VIEW MORE

## Eligible Accounts

Inland Marine Insurance is indispensable for businesses managing valuable goods, tools, or equipment on the move. Industries such as construction, logistics, and specialized trades benefit from this coverage to protect assets in transit or on-site. Partnering with us ensures that brokers can confidently meet the diverse needs of these clients while accessing competitive solutions from leading carriers.

## Areas of Expertise Offered

Inland Marine Insurance provides coverage for property in transit, mobile equipment, and unique assets that traditional policies might not cover. Originally designed for cargo transported over water, modern inland marine coverage has expanded to include goods and equipment on land, offering businesses critical protection for their high-value assets.
